HOW TO MEASURE FOR A JACKET

Step-by-Step Measurement Guide

- **Chest:** Measure around the fullest part of your chest, keeping the tape flat under your armpits and across your shoulder blades.
- **Shoulder Width:** Measure across the top of your back from the point of one shoulder bone across to the other.
- **Sleeve Length:** Measure from the top tip of your shoulder down to your wrist bone, keeping your arm slightly bent.
- **Jacket Back Length:** Measure vertically down the back center, starting from the collar seam down to the bottom hem line.

Fit & Styling Note: The balloon sleeve design offers generous room in the arms while remaining fitted across the shoulders and body frame. If you prefer a tighter slim fit or plan to wear heavy layers underneath, adjust your sizing accordingly or reach out for custom sizing options.
