HOW TO MEASURE YOUR BODY

Step-by-Step Measurement Guide

- **Chest:** Measure horizontally around the broadest part of your chest, under the armpits.
- **Waist:** Measure around your natural waistline where trouser waistbands sit comfortably.
- **Hips:** Standing feet together, measure around the fullest part of your seat.
- **Inseam:** Measure vertically from the top inner thigh down to the ankle bone.

Modular Harness & Tactical Fit Note: The chest armor and utility straps incorporate fully adjustable quick-release buckles allowing custom tensioning around the torso. If you plan to wear tactical padding or base layers beneath the outfit, we recommend selecting one size up.
