HOW TO MEASURE YOUR BODY

Step-by-Step Measurement Guide

- **Bust:** Measure around the fullest part of your chest while wearing your target undergarments.
- **Waist:** Measure around the narrowest point of your natural waist line.
- **Hips:** Stand with feet together and measure around the widest part of your hips/buttocks.
- **Shoulder Width:** Measure across the back from the tip of one shoulder point to the other.
- **Sleeve Length:** Measure from the top shoulder seam down to the wrist bone.
- **Coat Length:** Measure vertically from the base of the neck seam straight down to the bottom hemline.

Tailored Fit & Layering Note: Designed for a fitted upper body with a flowing lower skirt section. If you intend to wear thick clothing, tunics, or under-layers beneath the coat dress, consider sizing up for comfortable arm movement.
