LACE-UP VEST FIT & MEASURING GUIDE

- **Lacing Flexibility:** The side or front lace-up closure provides an extra 2" – 4" (5 – 10 cm) of adjustability, letting you tighten or expand the fit depending on layering.
- **Undergarment Layering:** Measure your chest and waist over the loose pirate shirt, linen tunic, or wool doublet you intend to wear underneath.
- **Back Length:** Measured from the base of the collar seam straight down the center back to the bottom hem (designed to sit past the waist/hip high point).

CUSTOM JERKIN SIZING

If you need custom back lengths (e.g., knee-length doublet or cropped vest) or specific waist-to-chest ratios, custom sizing is available upon request.
