INSEAM & HEIGHT GUIDELINES

- **Regular Inseam:** 31" – 32" | 79 – 81 cm (Recommended for heights 5'4" – 5'8" / 163 – 173 cm)

FIT TIPS FOR LEATHER PANTS

- **Material Stretch:** Genuine leather trousers gently stretch and give slightly around high-stress areas (waist and hips) over time. Choose the size that fits snug initially.
- **Low Rise vs. High Rise:** For high-waisted cuts, measure at the narrowest point of your torso. For mid/low-rise cuts, measure 1–2 inches lower toward your hip bones.

CUSTOM LENGTHS & MADE-TO-ORDER FITS

Because leather hems require precise finishings, custom inseam lengths and bespoke waist-to-hip proportions are available upon request. Submit your exact waist, hip, rise, and inner leg length measurements with your order.
